

NIC Release Notes

RELEASE DATE: October 28, 2020

This release contains new functionality and bug fixes to the NIC Carrier, Distributor and Advisor apps.

New functionality spans across all 3 apps and includes:

- Lists
 - Users are now able to select a list and create a notification that applies to all policies in a list(s)
- Policy Notifications
 - Users have the ability to remove a notification that has not yet been triggered. (*This applies to single policy notification only.*)
- Other bug fixes
