What's new in Version 1.9.4

NIC Distributor:

✦ Term Conversions

In this release we have implemented couple of additional features to the Term Conversions feature:

- Term conversion list form has been added to the business unit profile insights view
- Date picker has been replaced with a more user-friendly one.

✦ Lists

The users now have the ability to share policy lists with their servicing Agents.

NIC Distributor & Agent App:

✦ Emails

The users are now able to unsubscribe from NIC emails.

✦ Other bug fixes

What's new in Version 1.9.4.1

NIC Distributor:

◆ Documents

In this release we have enabled the users to share documents to Client or Team lists

◆ Lists

List share email notification is now compatible with Gmail.
